

## Interface People (IPeople) and Wellsoft Announce Strategic Partnership

**Dallas, TX – January 21, 2018** – Interface People (IPeople), a premiere healthcare integration provider and Wellsoft Corporation, a Best in KLAS award-winning EHR provider for Emergency Departments, announce a strategic partnership to deliver a new integrated Emergency Department solution for MEDITECH hospital clients. The solution will help drive a significant increase in user adoption and Emergency Department efficiencies, while seamlessly integrating with other systems and areas of the hospital.

“IPeople is thrilled to be partnering with Wellsoft to deliver an industry leading solution that improves patient care in one of the most challenging environments in the hospital: the emergency department. Wellsoft embodies the type of vendor that IPeople strives to work with - ones who have created a robust, quality solution to supplement the hospital’s EHR system - with the patient at the focus,” said Ryan Dickerson, IPeople Sales and Marketing Manager. “Through powerful, precise, and fast interfaces provided by IPeople, hospitals will be able to take advantage of the Wellsoft platform that has had over 30 years of use within the hospital environment seamlessly from their MEDITECH system. IPeople is proud of the work that has been accomplished by Wellsoft and excited to be working with them to help fulfill their goal of being the premiere emergency department platform for all health information systems.”

Christie Guthrie, COO of Wellsoft, commented, “IPeople is renowned for their innovative and dependable interface solutions, and we are excited to join forces with them to further our interoperability efforts. Through this partnership, we are making it easier than ever for MEDITECH hospital clients to integrate seamlessly with Wellsoft EDIS, for the greater good of the hospital and patients. Now hospitals can implement the #1 rated Emergency Department system with a near 100% adoption rate, without having to worry about any of the integration hassles.”
